LUXAFLEX®

Dickson® Range

FABRIC COLLECTION

Luxaflex® Dickson® Range Fabric Collection

Our stunning Dickson Orchestra and Dickson Orchestra Max collections offer a gorgeous variety of choices – from traditional solid colours to smart stripes. Our fabrics are also made from durable acrylic which locks-in colour with protective textiles which won't rot or fade.

Our wide fabric selection allows you to match or fully contrast exteriors with interior decors.

THE DICKSON QUALITY GUARANTEE

COLOURS THAT LAST

The solution-dyed yarn used to produce Dickson fabrics offers long-lasting resistance to UV rays and weather conditions. Even when exposed to strong sunlight, they retain their dazzling colours, for a very long time.

5-year fabric warranty

Its high-performance fibres, treatments and weaving processes allow Dickson to guarantee some of the fabrics for up to 5 years.

FRENCH MADE

Building on its unique expertise, the Dickson fabric range is produced in Wasquehal in northern France.

EASY TO MAINTAIN

Water- and dirt-resistant finish ensures each of our fabrics is highly resistant to stains, grease and water.

Textiles that protect people and the planet

Awarded the Oeko-Tex label (class II, products in direct contact with the skin), Dickson fabrics are produced without hazardous substances and do not pose a threat to health, the skin or the environment.

LIVING

ORCHESTRA MAX

Dickson Orchestra Max provides an effective solution for professionals and private customers whose fabric is expected to be exposed to climatic variations and pollution. It is particularly suited for permanent installations, and designed primarily for shops, hotels and restaurants, but also provides a state-of-the-art solution for home-owners.
